

# NORTH TEUTONIA AVENUE RECONSTRUCTION PROJECT

FROM W. GROELING AVE. TO W. CAPITOL DR.

## PROJECT OVERVIEW

The Department of Public Works, in conjunction with the State of Wisconsin Department of Transportation, will reconstruct N. Teutonia Ave. from W. Groeling Ave. to W. Capitol Dr. The majority of the project is scheduled to be complete in December 2020 with landscape and electrical work planned in 2021. The project will consist of removing the deteriorated pavement and replacing it with new concrete pavement, curb & gutter, driveway approaches and sidewalk. Street lighting and traffic signals will be updated and storm sewer inlets and laterals will be replaced as needed. Once completed, the roadway will accommodate one driving lane, parking lane and a bicycle lane in each direction.

## SUPPORT FOR BUSINESS PROGRAM

The City of Milwaukee Department of Public Works offers the Support for Business Program to help assist local merchants and minimize any problems during a construction project. If you are a business owner along the project corridor, we encourage you to connect with the Project Liaison. Please visit the website [Milwaukee.gov/supportforbusiness](http://Milwaukee.gov/supportforbusiness) to learn more about the tools and services available to you. Feel free to contact the liaison if you have any questions or concerns related to this project including signage, sidewalk and driveway access, parking, maintaining delivery operations or trucking services, or planned special events etc.

## SCHEDULE

Start: March 16, 2020  
End: December 2020

*All work is weather dependent and  
subject to change*

## PROJECT MAP

# WHAT TO EXPECT DURING CONSTRUCTION

## TRAFFIC

To minimize how construction will impact residents, businesses, and the traveling public, the project will be split into two major stages:

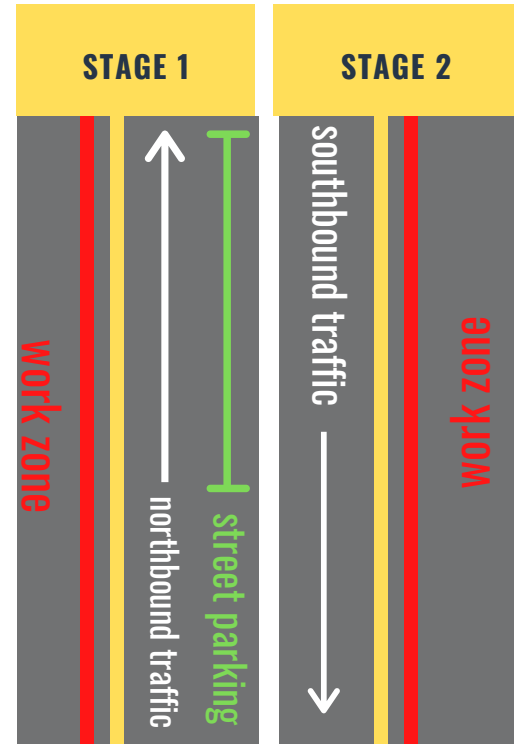

**Stage 1:** The southbound lane of North Teutonia Avenue will be closed for construction. Majority of the side streets on the west side of the project will be closed. One lane of northbound traffic and on-street parking will be maintained on the east side of the roadway. There will be parking restrictions during some utility and concrete pavement operations.

The following intersections will be open to east-westbound through traffic: W. Chambers St., and W. Capitol Dr.

- Eastbound traffic on W. Nash St. will be maintained
- Westbound traffic on W. Melvina St. will be maintained

**Stage 2:** The northbound lane of North Teutonia Avenue will be closed for construction. Majority of the side streets on the east side of the project will be closed. One lane of southbound traffic will be maintained on the newly completed roadway. On-street parking will be restricted.

- W. Capitol Dr. will be open to east-westbound through traffic
- Westbound traffic on W. Chambers St. will be maintained
- Eastbound traffic on W. Nash St. will be maintained

## SIDEWALK

Pedestrian access will be maintained to abutting properties during construction with the least amount of inconvenience. Short-term disruptions will occur when sidewalks are being removed and rebuilt.

Stage 1: East-west pedestrian crossings through the work zone will be maintained at the following intersections: Chambers, Nash and Melvina

Stage 2: East-west pedestrian crossings through the work zone will be maintained at the following intersections: Chambers and Vienna

*\*Over the course of the project, changes may occur to the pedestrian crossing locations.*

## CONSTRUCTION HOURS

Work is allowed Monday through Friday from 7:00 a.m. to 9:00 p.m. The sawing of mainline concrete pavement outside of 7:00 a.m. - 9:00 p.m. will be allowed due to the fact it has to be completed right after "initial set" and before random cracking occurs. The placement of the mainline concrete pavement is a critical milestone in keeping these large paving projects on schedule.

Any work scheduled on weekends will need approval from the Department of Public Works.

## PROJECT CONTACTS

### LYNN DES JARDINS

CONSTRUCTION SUPERVISOR  
414-708-3885  
[ldesja@milwaukee.gov](mailto:ldesja@milwaukee.gov)

Lynn manages the overall project in coordination with the WisDOT and will address the contractor concerns

### PAUL GRABOWSKI

PROJECT INSPECTOR  
414-708-3835  
[Paul.Grabowski@milwaukee.gov](mailto:Paul.Grabowski@milwaukee.gov)

Paul is on-site full time to oversee the work and help address any concerns from the public

### MEGAN O'CONNOR

PROJECT LIAISON  
414-708-1433  
[moconnor@milwaukee.gov](mailto:moconnor@milwaukee.gov)

Megan serves as a point of contact for the public to help address any concerns and provide construction updates

## STAY CONNECTED

Nextdoor

## PARKING MAP

In addition to on-street parking during Stage 1, a temporary parking lot will be provided at the corner of W. Nash St. and N. Teutonia Ave. for residents and customers to continue to support the local businesses throughout construction.

## DRIVEWAY ACCESS

Residential driveways: Access will be restricted in the work zone. Temporary overnight parking permit instructions are provided below.

Commercial driveways: There will be disruptions to driveway access such as when the contractor is breaking and removing pavement, grading, putting in curb and gutter, paving.

Project staff will notify property owners 48 hours in advance when any driveway is being removed and rebuilt.

## BUS ROUTE

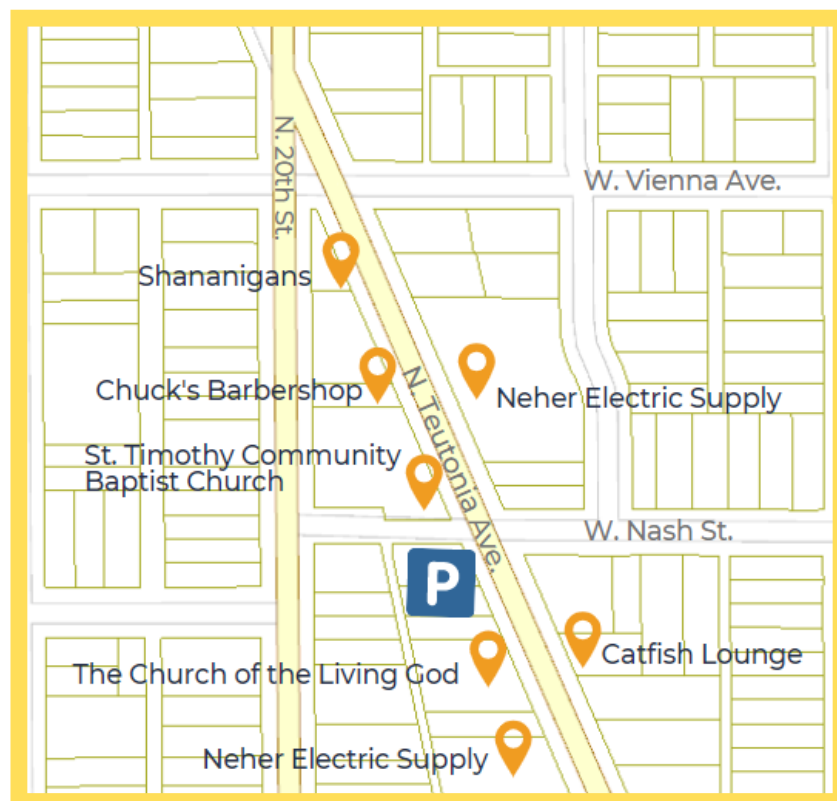

Route 12: Will detour off of Teutonia between Locust and Atkinson. Buses will use 7th Street during this time.

Route 60: Will detour off of Burleigh between Hopkins and 7th. Buses will use Locust during this time. Please visit [ridemcts.com](http://ridemcts.com) for more details.

## TO ACCESS PARKING LOT:

Stage 1: Travel northbound on N. 20th St., turn R at W. Nash St.

Stage 2: Travel southbound on N. Teutonia Ave., turn R at W. Nash St.

## TEMPORARY OVERNIGHT PARKING INSTRUCTIONS

If this construction project prohibits access to your off-street parking space and you must park on the street at night, you must obtain Night Parking Permission. Night Parking Permission is a courtesy offered by the City of Milwaukee to residents and visitors who have short term needs to park overnight on the street without purchasing a night parking permit. To receive Night Parking Permission, please call the Night Parking Desk at (414) 286-8300, Sunday through Friday, between 7:00 a.m. and 1:00 a.m. Night parking regulations are not enforced on Saturday nights.

Provide the operator with the following information:

1. The address where you plan to park your vehicle
2. The make, model and color of your vehicle
3. The license plate number
4. The date on the construction notice

The operator will give you a confirmation number. Night Parking Permission for construction expires after 30 days. If the project goes longer, you must call the Night Parking Desk again for another permission.

### SIGN UP TO RECEIVE CONSTRUCTION UPDATES

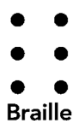

email: [moconnor@milwaukee.gov](mailto:moconnor@milwaukee.gov)

### CONSTRUCTION UPDATES WILL ALSO BE POSTED ONLINE

[milwaukee.gov/dpw](http://milwaukee.gov/dpw)

#### NOTICE

Regardless of whether the construction appears to be in progress or not, vehicles parked in violation of posted Temporary No Parking or Time Restriction signs may be ticketed and towed.
